---

**08:30 — 09:00 Registration and Coffee**

**09:00 — 09:15 SAP User Group Board Hong Kong Welcome**

**09:15 — 09:45 Discover the Value of Intelligent ERP**

During this session, you will learn about the key value of SAP S/4HANA and why NOW is the time to deploy. You will also learn how to modernize and integrate processes across your organization using SAP’ s next-generation ERP solution. Last, you will discover the benefits of an Intelligent Enterprise Suite that improves decision making and increases productivity, with a digital core that supports all your mission-critical business objectives.

**09:45 — 11:00 Transforming Finance with SAP S/4HANA**

Learn how finance can help accelerate digital transformation by providing your business with instant insights. Get to know the latest improvements and newest capabilities in SAP S/4HANA finance, including demos and customer examples.

**11:00 — 11:15 Break**

**11:15 — 12:30 SAP S/4HANA Sales, Sourcing and Procurement**

Learn about the improvements and newest capabilities in SAP S/4HANA sales, sourcing and procurement. During this interactive session you will see demos and get to know customer examples.

**12:30 — 13:15 Lunch provided at venue**

**13:15 — 13:45 SAP S/4HANA Manufacturing and Supply Chain**

Learn about the latest improvements and new capabilities in SAP S/4HANA manufacturing and supply chain. During this interactive session you will see demos and customer examples.

**13:45 — 14:15 SAP S/4HANA Analytics**

Empower your C-suite with a board portal that includes real-time business intelligence and ad hoc analysis enabled by SAP Analytics.

---

**14:15 — 15:00 Tools and Pre-requisites: Transition smoothly to the Intelligent ERP with smart tools and services**

Businesses that move to an intelligent platform gain critical momentum over their competitors. Learn how you can unlock new business value with our intelligent ERP – and transition seamlessly with packaged tools and services. Discover how the SAP Transformation Navigator, Pathfinder for Innovation, SAP S/4HANA Readiness Check & many other tools can help you uncover previously undiscovered software usage potential and deliver innovation recommendations tailored to your needs.

**15:00 — 15:15 Break**

**15:15 — 16:00 Embark on the Journey to SAP S/4HANA**

To address the significant shift in technology and functionality from SAP ECC to SAP S/4HANA, in this session we will discuss strategic and technical considerations, options for deployment, and share customer experiences and examples with you. In this session you will learn the key strategic decisions and your options for each:

- Greenfield or brownfield
- On premise or cloud (or both)
- Custom code adaption

**16:00 — 16:45 Innovation Opportunities Beyond SAP S/4HANA: Work Smarter, Not Harder**

As you finalize your plans to migrate to SAP S/4HANA, innovation opportunities may arise. SAP technologies could provide a key advantage or complete your end-to-end business processes. Or, maybe SAP Cloud Platform, Data Hub, and UI Logging and Masking may make more sense for your organization. In this session, we will discuss smart considerations that can make your work smarter—not harder.

**16:45 — 17:00 Key Takeaways and Closing Remarks**

[Experience it now. Register Now.](#)

We look forward to seeing you and your team.

Yours sincerely

Joe Chan (Event Director)
